

Call for Abstracts:

NIOSH is celebrating 100 Years of Respiratory Protection during Respiratory Protection Week, September 3-6, 2019. You are invited to submit an abstract for the virtual poster session. The poster session will take place September 4, 2019. All poster presentations will be pre-recorded via Adobe Connect and linked via the NIOSH NPPTL website with full project descriptions.

Relevant Topics:

- Respiratory protection history
- Future of respiratory protection
- Technological enhancements in respiratory protection
- Changes in design in respiratory protection
- Fit testing for respiratory protection
- Evaluation of respiratory protection

Abstracts should be maximum **250 words**, including background, methods, results, and conclusions.

Please submit this completed form and abstract to Jackie Cichowicz, JCichowicz@cdc.gov

Deadline for submission: **July 8, 2019.**
