I just want to take this time to apologize for not being able to participate in this meeting. I had to travel for work to perform an industrial hygiene survey in Georgia. Matt Zock will cover the items that will be discussed in this meeting. My goals this year as the new President are to offer the membership opportunities of growth, network amongst the Local Section, share expertise between the generations as well as integrate technology opportunities to make us stronger and communicate even better. We will work as a group and I will try my best to integrate everyone. You may see emails every so often to ask for assistance or just to say hello. That is the nature of being Puerto Rican. I am looking forward to work with you this year. Let's make it happen! Lucinette ☺
